Air Fill Equipment You'll need an adapter to fill the launcher HPA bottles, and you have a choice of two sources to fill from. Either SCUBA tanks (dive type with K valve), or Self-Contained Breathing Apparatus (SCBA) tanks (low pressure only—3000 psi rated). The SCBA kit is needed if you use SCBA tanks. The PA-SCBA screws into the SCBA tank, and the PA-FA is the adapter for the HPA bottle. We sell the SCUBA tanks, you provide the SCBA tanks.

PART NUMBER	DESCRIPTION	PRICE
